Logistics, business, environmental and supply chain management. The course is designed for participants who currently work in the industry but do not have the necessary academic achievements to progress their career.

~~CILT → Education & Exams → Our Courses → Logistics~~

Logistics: Logistics is referred as the procedure of managing goods, resources and information from the source to the consumers in a manner that it fits the requirements of both parties. **Transportation:** Transport is the movement of the goods from one point to the other. It is considered as part of logistics.
